Fund Digest – UTI Mastershare Unit Scheme

1 UTI Mastershare Unit Scheme Large Cap Fund

- Predominantly a large cap portfolio, with companies having
 - Strong Managements
 - Competitive Edge
 - Financial Strengths
 - Long growth run-way
- Performance track record of over 33 years across the market cycle
- Ability to withstand volatile markets by limiting drawdowns
- The Fund has a consistency in its market cap allocation (style purity) and a true to label product over longer periods
- Why invest in this Fund?

Key

Highlights

- A portfolio of 45-55 stocks provides for diversification which is apt for investors looking for stable growth with relatively lesser volatility in returns
- A fund for building investor's core equity portfolio for steady and long term wealth creation

Fund Digest – UTI Equity Fund

2 UTI Equity Fund Multi Cap Fund

- A Multi cap portfolio that endeavours to pick high quality businesses in secular growth industries that can generate economic value
- The Fund focuses on companies which can generate high cash flows with stability in revenues and earnings growth
- The Fund endeavors to generate superior wealth in the medium to long run by investing only into companies that generate economic value
- The Fund avoids investing in cyclical industries which are highly volatile and least likely to sustain over longer periods

- The Fund follows well-set investment strategy in respect of stock selection and framework for prudent portfolio construction which explains its long term approach to investing in stocks for wealth creation
- A fund for building investor's core equity portfolio while investing in quality businesses that generate economic value

Key Highlights

3 UTI Value Opportunities Fund Value Fund

- The Fund would follow the "Barbell approach" for its stock picking which is buying what the market underestimates - Growth or Cyclicality providing for margin of safety
- The fund has the flexibility to operate across the market cap spectrum following the "Value" style of investment
- Potential for outperformance over plain vanilla equity funds, which are more diversified but at the same time minimise the risk arising from pure sector funds while generating a reasonable return

Why invest in	 The fund has flexibility to position itself more actively across the market cap spectrum. While the portfolio will have a large cap bias the midcap exposure could vary more widely based on valuation differentials
this Fund?	 A fund for building investor's core equity portfolio with reasonable outperformance over plain vanilla equity funds over medium to long term
