I. INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

1. Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
2. As the price / value / interest rates of the securities in which the scheme invests fluctuate, the value of your investment in the scheme may go up or down.
3. Past performance of the Sponsors/AMC/Mutual Fund does not guarantee future performance of the scheme. There can be no assurance or guarantee that the objective of the Scheme will be achieved.
4. The name of the scheme does not in any manner indicate either the quality of the scheme or its future prospects and returns. Investors are therefore urged to study the Scheme Information Document carefully and consult their Financial Advisor before considering an investment in the Scheme.
5. The sponsors are not responsible or liable for any loss resulting from the operation of the scheme beyond the initial contribution of Rs. 10,000/- made by them towards setting up the Fund.
6. The present scheme is not a guaranteed or assured return scheme.
7. Statements/Observations made are subject to the laws of the land as they exist at any relevant point of time.
8. Growth, appreciation, dividend and income, if any, referred to in this Scheme Information Document are subject to the tax laws and other fiscal enactments as they exist from time to time.
9. The NAV of the Schemes' Units may be affected by change in the general market conditions, factors and forces affecting capital markets in particular, level of interest rates, various market related factors and trading volumes.
10. Investment decisions made by the AMC may not always be profitable.
11. From time to time and subject to the Regulations, the Sponsors, the Mutual Funds and investment companies managed by them, their affiliates, their associate companies, subsidiaries of the Sponsors, and the AMC may invest either directly or indirectly in the Scheme. The funds managed by these affiliates, associates, the Sponsors, subsidiaries of the Sponsors and /or the AMC may acquire a substantial portion of the scheme's units and collectively constitute a major investor in the scheme. Accordingly, redemption of units held by such funds, affiliates, associates, and Sponsors might have an adverse impact on the units of the scheme because the timing of such redemption may impact the ability of other unitholders to redeem their units.

12. Scheme Specific Risk Factors:

UTI Bank ETF, the scheme, will be a passively managed by providing exposure to Nifty Bank Index and tracking its performance and yield, before expenses, as closely as possible. The scheme performance may be affected by a general decline in the Indian markets relating to its underlying Index. The scheme invests in the underlying Index regardless of its investment merit.

Although the units are proposed to be listed on the Stock Exchange/s, the Trustee/AMC will not be liable for any delay in listing of units of the Scheme on the stock exchange(s)/ or due to connectivity problems with the depositories due to the occurrence of any event beyond their control

The securities in which the Scheme invests may underperform the various general securities, markets or different asset classes. Different type of securities tends to go through cycles of outperformance and under-performance in comparison to the general securities markets.

The scheme may not fully replicate the performance of the underlying index due to temporary unavailability of certain Index Securities in the secondary market or due to other extraordinary circumstances.

Performance of the underlying Index will have a direct bearing on the performance of the Scheme. In the event the underlying Index is dissolved or is withdrawn by Index Service Provider, the Trustee reserves the right to modify the Scheme so as to track a different and suitable index and the procedure stipulated in the regulations shall be complied with.

Tracking error may have an impact on the performance of the scheme. "Tracking Error" means the extent to which the NAV of the fund moves in a manner inconsistent with the movements of the underlying Index on any given day or over any given period of time from any cause or reason whatsoever including but not limited to differences in the weightage of the investments in the securities and the weightage to such securities in the underlying index, time lags in deployment or realization of funds under the Scheme as compared to the movement of or within the said index, expenditure incurred by the scheme, corporate actions such as debenture or warrant conversions, rights, mergers, etc., change in constituents of Index, rounding of quantity of shares underlying the index, dividend payouts, whole cash not invested at all times as it may keep a portion of funds in cash to meet redemption etc. However UTI AMC will endeavor to keep the tracking error as low as possible.

UTI AMC will endeavor to keep the tracking error within the range of 2% on an annualized basis in the scheme as against the returns of the underlying Index.

The Trustees, AMC, Fund, their directors or their employees shall not be liable for any tax consequences that may arise in the event that the scheme is wound up for the reasons and in the manner provided under the Scheme Information Document & Statement of Additional Information.

Redemption by the unit holder due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustees, AMC, Fund their directors or their employees shall not be liable for any tax consequences that may arise.

The Scheme would be investing in equities and money market instruments (such as Triparty Repo or as defined by SEBI regulations, term/notice money market, repos, reverse repos and any alternative to the call money market as may be directed by the RBI). The liquidity of the scheme's investments is inherently restricted by trading volumes and settlement periods. In the event of an inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant. In view of the same, the Trustees have the right in their sole discretion to limit redemptions (including suspending redemptions) under certain circumstances.

The Mutual Fund is not assuring any dividend nor is it assuring that it will make any dividend distributions. All dividend distributions are subject to the availability of distributable surplus and would depend on the performance of the scheme.

13. Portfolio concentration risk

ETF being a passive investment carries lesser risk as compared to active fund management. The portfolio follows the index and therefore the level of stock concentration in the portfolio and its volatility would be the same as that of the index, subject to tracking error. Thus there is no additional element of volatility or stock concentration on account of fund manager's decisions.

14. Risks pertaining to transaction in units through Stock Exchange

- a. Although the Scheme's Units will be listed on stock exchange/s, there can be no assurance that an active secondary market will develop or be maintained. Hence there would be times when trading in the Units of the Scheme would be infrequent/less liquid.
- b. Trading in the Units of the Scheme on stock exchange/s may be halted because of market conditions or for reasons that in view of stock exchange/s &/or SEBI, trading in the Units of the Scheme are not advisable. In addition, trading of the Units of the Scheme are subject to trading halts caused by extraordinary market volatility and pursuant to stock exchange/s and SEBI 'circuit filter' rules. There can be no assurance that the requirements of stock exchange/s necessary to maintain the listing of the Units of the Scheme will continue to be met or will remain unchanged.
- c. The Scheme may not be able to immediately sell certain types of illiquid Securities. The purchase price and subsequent valuation of restricted and illiquid Securities may reflect a discount, which may be significant, from the market price of comparable Securities for which a liquid market exists.
- d. The Units of the Scheme may trade above or below their NAV. The NAV of the Scheme will fluctuate with changes in the market value of the holdings of the Scheme. The trading prices of the Units of the Scheme will fluctuate in accordance with changes in their NAV as well as market supply and demand for the Units of the Scheme. Any changes in the trading regulations by the Stock

Exchange/s or SEBI or other applicable regulations may affect the ability of market participants to arbitrage resulting it to wider premium/discount to NAV. However, it is expected that large discounts or premiums to the NAV of Units of the Scheme may not sustain for long due to market participants' actions on arbitrage opportunity available under such circumstances.

- e. **Impact cost risk:** The scheme may have to bear the impact cost arising from sale and purchase of underlying securities either when it accepts/gives cash or cash equivalents in lieu of one or more Index securities, cash component on issue and repurchase of units or while undertaking rebalancing of the scheme portfolio as a consequence of change in the composition or change in relative weightages of the securities underlying Index.
- f. **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the Securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- g. **Risk of Substantial Redemptions:** In the event of receipt of inordinately large number of redemption requests or of a restructuring of the Schemes' portfolio, there may be delays in the redemption of units. Substantial Redemptions of Units within a limited period of time could require the Scheme to liquidate positions more rapidly than would otherwise be desirable, which could adversely affect the value of both the Units being Redeemed and that of the outstanding Units of the Scheme. The Trustee, in the general interest of the Unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day depending on the total "Saleable Underlying Stock" available with the Fund.

Investments under the scheme may also be subject to the following risks:

15. Investment in Equities:

- a. Equities are volatile in nature and are subject to price fluctuations on daily basis. The volatility in the value of the equity instruments is due to various micro and macro-economic factors affecting the securities markets. This may have adverse impact on individual securities / sector and consequently on the NAV of Scheme.
- b. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the scheme portfolio may result, at times, in potential losses to the scheme, should there be a subsequent decline in the value of the securities held in the scheme portfolio.
- c. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities.
- d. As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for redemption of units may be significant in the event of an inordinately large number of redemption requests or a restructuring of the Scheme. In view of this, the Trustee has the right, in its sole discretion to limit redemptions (including suspending redemptions) under certain circumstances.

16. Risk associated with investing in Money Market Instruments/Debt and Derivative securities:

- a. **Money market instruments** are subject to price volatility due to factors such as changes in interest rates general levels of market liquidity, market perception of credit worthiness of the issuer of such instruments and risks associated with settlement of transactions and reinvestment of intermediate cash flows. The NAV of a scheme's Units, to the extent that such Scheme is invested in money market instruments, will consequently be affected by the aforesaid factors.
- b. **Credit Risk:** Bonds /debentures as well as other money market instruments issued by corporates run the risk of down grading by the rating agencies and even default as the worst case. Securities issued by Central/State governments have lesser to zero probability of credit / default risk in view of the sovereign status of the issuer.
- c. **Interest -Rate Risk:** Bonds/ Government securities which are fixed income securities, run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The level of interest rates is determined by the rates at which government raises new money through RBI, the price levels at which the market is already dealing in existing securities, rate of inflation etc. The extent of fall or rise in the prices is a function of the prevailing coupon rate, number of days to maturity of a security

and the increase or decrease in the level of interest rates. The prices of Bonds/ Government securities are also influenced by the liquidity in the financial system and/or the open market operations (OMO) by RBI.

- d. **Migration of rating Risk:** This relates to the risk on account of a fall/rise in price of rated securities on account of change in ratings of such securities.

Pressure on exchange rate of the rupee may also affect security prices. Such rise and fall in price of bonds/government securities in the portfolio of the Scheme may influence the NAVs under the Scheme as and when such changes occur.

- e. **Securities Lending:** It is one of the means of earning additional income for the scheme with a lesser degree of risk. Securities lending is lending of Securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent Securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the Securities borrowed. As per SEBI Circular on short selling and securities lending and borrowing dated Dec 20, 2007, Annexure 2 “The SLB shall be operated through Clearing Corporation/Clearing House of stock exchanges having nation-wide terminals who are registered as Approved Intermediaries (AIs).”

The risk is adequately covered as Securities Lending & Borrowing (SLB) is an Exchange traded product. Exchange offers an anonymous trading platform and gives the players the advantage of settlement guarantee without the worries of counter party default. However, the Fund may not be able to sell such lent securities during contract period or have to recall the securities which may be at higher than the premium at which the security is lent.

- f. **Liquidity Risk:** The Indian debt market is such that a large percentage of the total traded volumes on particular days might be concentrated in a few securities. Traded volumes for particular securities differ significantly on a daily basis. Consequently, the Scheme might have to incur a significant “impact cost” while transacting large volumes in a particular security.
- g. **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the “interest on interest” component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- h. Money Market Securities are subject to the risk of an issuer’s inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- i. In the normal course of business, the scheme would be able to make payment of redemption proceeds within 10 business days, as it would have sufficient exposure to liquid assets. In case of the need for exiting from such illiquid debt instruments in a short period time, the NAV of the scheme could be impacted adversely.

17. Trading in debt and equity derivatives involves certain specific risks like:

- a. **Credit Risk:** This is the risk of default by the counter party. This is usually to the extent of difference between actual position and contracted position. This risk is substantially mitigated where derivative transactions happen through clearing corporation.
- b. **Market Risk:** Market movement may also adversely affect the pricing and settlement of derivative trades like cash trades.
- c. **Illiquidity Risk:** The risk that a derivative product may not be sold or purchased at a fair price due to lack of liquidity in the market.
- d. An exposure to derivatives can lead to losses. Success of dealing in derivatives depends on the ability of the Fund Manager to correctly assess the future market movement and in the event of incorrect assessment, if any, performance of the scheme could be lower.
- e. Interest Rate Swaps (IRSs) and Forward Rate Agreements (FRAs) do also have inherent credit and settlement risks. However, these risks are substantially less as they are limited to the interest stream and not the notional principal amount.
- f. Participating in derivatives is a highly specialized activity and entails greater than ordinary investment risks. Notwithstanding such derivatives being used for limited purpose of hedging and portfolio balancing, the overall market in these segments could be highly speculative due to action of other participants in the market.
- g. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be

profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

- h. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

18. Market Trading Risks:

There can be no assurance that the requirements of stock exchange necessary to maintain the listing of the units of the scheme will continue to be met or will remain unchanged.

As the scheme proposes to invest not less than 95% of the net assets in securities comprising of underlying index, any deletion of stocks from or addition to in the index may require sudden and immediate liquidation or acquisition of such stocks at the prevailing market prices irrespective of whether valuation of stocks is attractive enough. This may not always be in the interest of unitholders.

Asset Class Risk: The returns from the types of securities in which the scheme invest may underperform returns of general securities markets or different asset classes. Different types of securities tend to go through cycles of out-performance and under-performance in comparison of securities markets.

19. Risk factors associated with Creation of Segregated Portfolio –

1. Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer.
2. Security comprises of segregated portfolio may not realise any value.
3. Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

20. Risk factors associated with Structured Obligations –

- 1) There may be liquidity risk, since the market for structured products is not very deep.
- 2) Structured obligations such as corporate / promoter guarantee: Securities which have a structure with a guarantee from the corporate / promoter, may see an adverse effect if there are any signs of stress at the promoter / group level, even though the standalone borrowing entity's debt servicing capability and repayments may not see any material impact, from a future cash flow perspective.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The requirement of minimum number of investors in the scheme is not applicable to the scheme in terms of SEBI Circular No. SEBI/IMD/CIR NO 10/22701/03 dated December 12, 2003

C. DEFINITIONS

II. INFORMATION ABOUT THE SCHEME

A. TYPE OF THE SCHEME

An open-ended scheme replicating/tracking the Nifty Bank Index.

B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

The investment objective of the scheme is to provide returns that, before expenses, closely correspond to the total returns of the securities as represented by the underlying index, subject to tracking error.

However there is no guarantee or assurance that the investment objective of the scheme will be achieved.

C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Asset allocation pattern

The investment policies of the scheme shall be as per SEBI (Mutual Fund) Regulations, 1996 and within the following guideline. Under normal circumstances, the investment range would be as follows:

Instruments	Indicative Allocation (% of Total Assets)		Risk profile
	Maximum	Minimum	
Securities covered by Nifty Bank Index	100%	95%	Medium to High
Debt / Cash / Money Market instruments including Triparty Repo and units of Liquid Mutual Fund	5%	0%	Low

UTI AMC will endeavour to keep the tracking error within the range of 2% on an annualized basis in the scheme as against the returns of the underlying Index.

The exposure of Scheme in derivative instruments shall be restricted to 5% of the net assets of the Scheme for hedging and portfolio rebalancing.

The cumulative gross exposure through equity, debt and derivative position will not exceed 100% of the net assets of the scheme.

The Scheme will not invest in Foreign Securities, ADRs, GDRs.

The Scheme will not engage in Short Selling, Credit default swaps.

The scheme does not intend to invest in repo in corporate debt securities.

The schemes may engage in Securities Lending not exceeding 20% of the net assets of the scheme.

If the investments fall outside the asset allocation range given above, the portfolio of the scheme will be rebalanced within a period not later than seven business days from the date of such change in the asset allocation pattern. The funds raised under the scheme shall be invested only in securities as permitted by SEBI (Mutual Funds) Regulations, 1996.

Change in Asset Allocation: Further in the event of any deviations below the minimum limits or beyond the maximum limits as specified in the asset allocation table above and subject to the notes mentioned herein, the portfolio shall be rebalanced by the Fund Manager within 7 business days from the date of the said deviation. In the event of corporate action, resulting in addition of securities in the scheme portfolio and which is not forming part of underlying index, shall be disposed within 7 business days from the date of allotment/listing. In case the same is not aligned to the above asset allocation pattern in the period specified, justification shall be provided to the Investment Committee of the AMC and reasons for the same shall be recorded in writing. The Investment committee shall then decide on the course of action.

The AMC, may create segregated portfolio in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA). (subject to guideline specified by SEBI which may change from time to time).

The creation of segregated portfolio shall be optional and at the discretion of UTI AMC.

D. WHERE WILL THE SCHEME INVEST?**Portfolio of the scheme/Types of Instruments in which the Scheme will invest**

The Scheme will invest in Securities which are constituents of Nifty Bank Index and in Debt, Cash, Money Market instruments including Triparty Repo, units of Liquid Mutual Fund and derivative instruments in accordance with the asset allocation pattern indicated above.

Debt and Money market in India**(i) Debt Instrument Characteristics:**

A Debt Instrument is basically an obligation which the borrower has to service periodically and generally has the following features:

Face Value	: Stated value of the paper / Principal Amount
Coupon	: Zero; fixed or floating
Frequency	: Semi-annual; annual, sometimes quarterly
Maturity	: Bullet, staggered
Redemption	: FV; premium or discount
Options	: Call/Put
Issue Price	: Par (FV) or premium or discount

A debt instrument comprises of a unique series of cash flows for each paper, terms of which are decided at the time of issue. Discounting these cash flows to the present value at various applicable discount rates (market rates) provides the market price.

(ii) Debt Market Structure:

The Indian Debt market comprises of the Money Market and the Long Term Debt Market.

Money market instruments have a tenor of less than one year while debt market instruments typically have a tenor of more than one year.

Money market instruments are Commercial Papers (CPs), Certificates of Deposit (CDs), Treasury bills (T-bills), Repos, Inter-bank Call money deposit, Triparty Repos etc. They are mostly discounted instruments that are issued at a discount to face value.

Long Term Debt market in India comprises mainly of two segments viz., the Government securities market and the corporate securities market.

Government securities include central, state and local issues. The main instruments in this market are Dated securities (Fixed or Floating) and Treasury bills (Discounted Papers) The Central Government securities are generally issued through auctions on the basis of 'Uniform price' method or 'Multiple price' method while State Govt. are through on-tap sales.

Debt derivatives market comprises mainly of Interest Rate Swaps linked to Overnight benchmarks called MIBOR (Mumbai Inter Bank Offered Rate) and is an active market. Banks and corporate are major players here and of late Mutual Funds have also started hedging their exposures through these products.

(iii) Regulators: The RBI operates both as the monetary authority and the debt manager to the government. In its role as a monetary authority, the RBI participates in the market through open-market operations as well as through Liquidity Adjustment facility (LAF) to regulate the money supply. It also regulates the bank rate and repo rate, and uses these rates as indirect tools for its monetary policy. The

RBI as the debt manager issues the securities at the cheapest possible rate. The SEBI regulates the debt instruments listed on the stock exchanges.

(iv) Market Participants:

Given the large size of the trades, the debt market has remained predominantly a wholesale market.

Primary Dealers

Primary dealers (PDs) act as underwriters in the primary market, and as market makers in the secondary market.

Brokers

Brokers bring together counterparties and negotiate terms of the trade.

Investors

Banks, Insurance Companies, Mutual Funds are important players in the debt market. Other players are Trusts, Provident and pension funds.

(v) Types of Security Issuances and Eligible Investors

Issuer	Instruments	Yields (as on 20.07.2020)	Maturity	Investors
Central Government	Dated Securities	3.60% - 6.42%	1-30 years	Banks, Insurance Co, PFs, MFs, PDs, Individuals, FPI
Central Government	T-Bills	3.40% - 3.25%	364/91 days	Banks, Insurance Co, PFs, MFs, PDs, Individuals, FPI
State Government	Dated Securities	6.35% - 6.45%	10 years	Banks, Insurance Co, PFs, MFs, PDs, Individuals
PSUs Corporates	Bonds	5.30% - 6.40%	5-10 years	Banks, Insurance Co, PFs, MFs, PDs, Individuals, FPI
Corporates (AAA rated)	Bonds	4.25% - 6.70%	1-10 years	Banks, MFs, Corporates, Individuals, FPI
Corporates	Commercial Papers	3.30% - 3.99%	15 days to 1 year	Banks, MFs, Fin Inst, Corporates, Individuals, FPIs
Banks	Certificates of Deposit	3.10% - 3.80%	15 days to 1 year	Banks, Insurance Co, PFs, MFs, PDs, Individuals
Banks	Bonds	6.20% - 6.30%	10-15 years	Banks, Companies, MFs, PDs, Individuals

(vi) Trading Mechanism

Government Securities and Money Market Instruments

Currently, G-Sec trades are predominantly routed through NDS-OM which is a screen based anonymous order matching systems for secondary market trading in Government Securities owned by RBI. The reporting of trade is done on the NSE Wholesale Debt Market segment.

Participating in Derivative Products:

Derivatives:

A derivative instrument, broadly, is a financial contract whose payoff structure is determined by the value of an underlying security, index, interest rate etc. Thus a derivative instrument derives its value from some underlying variable.

Derivatives are further classified into:-

- Futures
- Options
- Swaps

Futures: A futures contract is a standardized contract between two parties where one of the parties commits to sell, and the other to buy, a stipulated quantity of a security at an agreed price on or before a given date in future.

Options:

An option is a derivative instrument, which gives its holder (buyer) the right but not the obligation to buy or sell the underlying security at the contracted price on or before the specified date. The purchase of an option requires an up-front payment (premium) to the seller of the option.

There are two basic types of options, call option and put option.

- (a) **Call option:** A call option gives the buyer of the option the right but not the obligation to buy a given quantity of the underlying asset, at a given price (strike price), on or before a given future date.
- (b) **Put option:** A put option gives the buyer of the option the right but not the obligation to sell a given quantity of the underlying asset, at a given price (strike price), on or before a given future date.

On expiry of a call option, if the market price of the underlying asset is lower than the strike price the call would expire unexercised. Likewise, if, on the expiry of a put option, the market price of the underlying asset is higher than that of the strike price the put option will expire unexercised.

The buyer/holder of an option can make loss of not more than the option premium paid to the seller/writer but the possible gain is unlimited. On the other hand, the option seller/writer's maximum gain is limited to the option premium charged by him from the buyer/holder but can make unlimited loss.

Swaps:

The exchange of a sequence of cash flows that derive from two different financial instruments. For example, the party receiving fixed in an ordinary Interest Rate Swap receives the excess of the fixed coupon payment over the floating rate payment. Of course, each payment depends on the rate, the relevant day count convention, the length of the accrual period, and the notional amount.

Debt derivatives are as of now customized over the counter products and there is no guarantee that these products will be available on tap. There are various possible combinations of strategies, which may be adopted, in a specific situation. The provision for trading in derivatives is an enabling provision and it is not binding on the Scheme to undertake trading on a day to day basis.

Some of the derivative techniques/ strategies that may be used are: -

- (i) The Scheme will use hedging techniques including dealing in derivative products – like futures and options, warrants, interest rate swaps (IRS), forward rate agreement (FRA) as may be permissible under SEBI (MFs) Regulations.
- (ii) The scheme may take derivatives position based on the opportunities available and in line with the overall investment objective of the Scheme. These may be taken to hedge the portfolio and rebalance the same.
- (iii) The Fund manager may use various strategies for trading in derivatives with a view to enhancing returns and taking cover against possible fluctuations in the market.
- (iv) The Fund Manager may sell the index forward by taking a short position in index futures to save on the cost of outflow of funds or in the event of negative view on the market.

The Mutual Fund would comply with the provisions of SEBI Circular Ref. No. DNP/Cir-29/2005 dated September 14, 2005 and SEBI circular Ref. No. Cir/IMD/DF/11/ 2010 dated August 18, 2010 and such other amendments issued by SEBI from time to time while trading in derivatives.

Presently, the position limits for trading in derivatives by Mutual Fund specified by SEBI vide its circular Ref. No. DNP/Cir-29/2005 dated September 14, 2005, circular Ref. No. DNP/Cir-30/2006, dated January 20, 2006, September 22, 2006 and circular SEBI/HO/MRD/DP/CIR/P/2016/143 dated December 27, 2016 are as follows

Position Limit: The position limits for Mutual Funds and its schemes shall be under:

1. Position limit for Mutual Funds in index options contracts:
 - The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs 500 crore or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
 - This limit would be applicable on open positions in all options contracts on a particular underlying index.

2. Position limit for Mutual Funds in index futures contracts;
 - The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
 - This limit would be applicable on open positions in all futures contracts on a particular underlying index.
3. Additional position limit for hedging
 - In addition to the position limits at point (1) and (2) above, Mutual Funds may take exposure in equity index derivatives subject to the following limits:
 - Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
 - Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.
4. Position limit for Mutual Funds for stock based derivative contracts
 - The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).
 - The MWPL and client level position limits however would remain the same as prescribed.
5. Position limit for each scheme of a Mutual Fund: The scheme-wise position limit requirements shall be:
 - For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:
 - 1% of the free float market capitalization (in terms of number of shares). Or
 - 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
 - This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
 - For index-based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

Exposure limits as per SEBI Circular No. Cir/IMD/DF/11/2010 dated 18th August 2010:

- a. The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the scheme.
- b. Mutual Funds shall not write options or purchase instruments with embedded written options.
- c. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.
- d. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
- e. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:-
 - (i) Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - (ii) Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point a.
 - (iii) Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
 - (iv) The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
- f. Mutual Funds may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme.
- g. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point a.

Definition of Exposure in case of Derivative Positions

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss.

Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts.

The AMC retains the right to enter into such derivative transactions as may be permitted by the Regulations from time to time. For risks associated with investments in derivatives investors are requested to refer to Risk Factors of this Scheme Information Document.

E. WHAT ARE THE INVESTMENT STRATEGIES?

The Scheme will track underlying Index and will use a “passive” or indexing approach to endeavor to achieve scheme’s investment objective. The AMC does not make any judgments about the investment merit of a particular stock or a particular industry segment nor will it attempt to apply any economic, financial or market analysis.

Since the scheme is an exchange traded fund, the scheme will only invest in the security constituting the underlying index. However, due to corporate action in companies comprising of the index, the scheme may be allocated/allotted securities which are not part of the index. The scheme may hold upto 5% of their total assets in stocks not included in the corresponding Underlying Index. For example, the AMC may invest in stocks not included in the relevant Underlying Index in order to reflect various corporate actions (such as mergers) and other changes in the relevant Underlying Index (such as reconstitutions, additions, deletions and these holdings will be in anticipation and in the direction of impending changes in the underlying index). These investments which fall outside the underlying index due to corporate action shall be rebalanced not later than seven days from the date of such change.

Exchange Traded Fund (ETF)

ETFs are innovative products that provide exposure to an index or a basket of securities that trade on the exchange like a single stock. ETFs have the advantage over traditional open-ended index funds in that they can be bought and sold on the exchange at traded prices on an intra-day basis that are expected to trade close to NAV of the Scheme.

ETFs are usually passively managed funds wherein subscription/redemption of units work on the concept of exchange with underlying securities. In other words, Authorised Participants/Large investors can purchase units by depositing the underlying securities with the mutual fund/AMC and can redeem by receiving the underlying shares in exchange of units. Units can also be bought and sold directly on the exchange.

ETFs have all the benefits of indexing such as diversification, low cost and transparency.

ETFs are highly flexible and can be used as a tool for gaining instant exposure to the equity markets, equitizing cash or for arbitraging between the cash and futures market.

Benefits of ETFs

- a. Can be easily bought / sold like any other stock on the exchange through Members of the Stock Exchange on which the Units are listed/traded by placing an order over phone/through online access mechanism provided by such Members
- b. Can be bought / sold anytime during market hours at prices that are expected to be close to actual NAV of the Scheme. Thus, investor invests at real-time prices as opposed to end of day prices.
- c. Minimum investment for an ETF is one unit.
- d. An investor can get a consolidated view of his investments without adding too many different account statements as the units issued would be in demat form. The consolidated account statement (CAS) is sent by depositories containing details relating to financial transactions made by an investor across all mutual funds and transactions in dematerialized securities across demat account.

However, the Risks of ETFs as mentioned in the paragraphs on Risk factors should also be considered while investing in any ETF product.

About the Index:

The NIFTY Bank Index comprises of the most liquid and large Indian Banking stocks. It provides investors and market intermediaries a benchmark that captures the capital market performance of the Indian banks. The Index comprises of maximum 12 companies listed on National Stock Exchange of India (NSE).

Index is computed using free float market capitalization method.

Index can be used for a variety of purposes such as benchmarking fund portfolios, launching of index funds, ETFs and structured products.

Index was launched on September 15, 2003 with a base date of January 01, 2003 at a base value of 1,000.

F: FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

(i) Type of a scheme

An open-ended scheme replicating/tracking the Nifty Bank Index.

(ii) Investment Objective

Main Objective – As given in Clause II B

Investment pattern – As given in Clause II C

(iii) Terms of Issue

Liquidity provision of redemption: Only provisions relating to redemption as given in the SID.

Liquidity:

On the Exchange

Subsequent to the New Fund Offer period, the units of the Scheme can be bought / sold during market hours on all trading days on the National Stock Exchange of India Limited and/or any other stock exchange where the Scheme's Units are proposed to be listed in minimum lot of 1 unit and in multiples of one thereof by all Investors.

Directly with the Mutual Fund

The Scheme offers units for subscription / redemption directly with the Mutual Fund in creation unit size to Authorized Participants / Large Investors only, at NAV based prices on all Business Days during an ongoing offer period.

“Creation unit” is a fixed number of units of the Scheme, which is exchanged for a basket of securities of the underlying index called the Portfolio Deposit and a Cash component. For redemption of Units, it is vice versa i.e., fixed number of units of the Scheme and a cash component is exchanged for Portfolio Deposit. The Portfolio Deposit and the cash component will change from time to time as decided by AMC.

AMC/Trustees reserve the right to change the Creation Unit at their discretion from time to time.

Aggregate Expense and Fees [as given in clause IV (A) and IV B (1) to B (2)] charged to the scheme.

Safety net or guarantee provided – The Scheme does not provide any guarantee or assured return.

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme and the Options there under or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plans there under and affect the interests of Unit holders is carried out unless:

A written communication about the proposed change is sent to each Unit holder and an advertisement is given in one English daily newspaper having nation-wide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and

The Unit holders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Nifty Bank Index is the benchmark. The performance of the scheme is benchmarked to the Total Return Variant of the benchmark index that is Nifty Bank Total Return Index.

The Benchmark has been chosen on the basis of the investment pattern/objective of the scheme and the composition of the index.

- b. Valuation of money market and debt securities with respect to Inter-scheme transfer in accordance with SEBI Circular SEBI/HO/IMD/DF4/CIR/P/2019/102 dated September 24, 2019 is as follows:
 - i. AMCs shall seek prices for IST of any money market or debt security (irrespective of maturity), from the valuation agencies.
 - ii. AMFI, in consultation with valuation agencies shall decide a turn-around-time (TAT), within which IST prices shall be provided by the agencies.
 - iii. If prices from the valuation agencies are received within the pre-agreed TAT, an average of the prices so received shall be used for IST pricing.
 - iv. If price from only one valuation agency is received within the agreed TAT, that price may be used for IST pricing.
 - v. If prices are not received from any of the valuation agencies within the agreed TAT, AMCs may determine the price for the IST, in accordance with Clause 3 (a) of Seventh Schedule of SEBI (Mutual Funds) Regulations, 1996.
- c. A scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.

- d. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities.
- e. The Scheme may engage in Securities lending and the borrowing within the framework specified by the Board.
 - (i) In terms of Regulation 44(4) of Securities Exchange Board of India (Mutual Funds) Regulations 1996, a mutual fund may lend and borrow securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI. Accordingly, the Scheme may participate in Securities Lending and Borrowing program through approved intermediaries in accordance with the terms of securities lending scheme announced by SEBI. The schemes, in appropriate circumstances, may borrow securities in accordance with SEBI guidelines as amended from time to time.
 - (ii) The schemes may engage in Securities Lending not exceeding 20% of the net assets of the scheme.
 - (iii) The maximum exposure of the schemes to a single approved intermediary in the securities lending program at any point of time would be upto 10% of the net assets of the scheme or such limit as may be specified by SEBI.
- f. Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the Board.
- g. **Provided further** that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.
- h. The scheme shall not engage in short selling of securities or carry forward transactions.
- i. The mutual fund under all its schemes will not own more than 10% of any company's paid up capital carrying voting rights.
- j. Every mutual fund shall get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, wherever investments are intended to be of long-term nature.
- k. The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the SEBI Act, 1992. Such investment limit may be extended to 12% of the NAV of the Scheme with the prior approval of the Board of Trustees and the Board of the AMC.

Provided that, such limit shall not be applicable for investments in government securities, treasury bills, and Triparty Repo.

Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with SEBI.

- l. Pending deployment of funds of the Scheme in securities in terms of the investment objective of the scheme as stated above, the funds of the Scheme may be invested in short term deposits of scheduled commercial banks in accordance with SEBI Circular No. SEBI/IMD/CIR No. 1/ 91171 /07 dated April 16, 2007, and such deposits shall abide by the following guidelines:
 - “Short Term” for parking of funds shall be treated as a period not exceeding 91 days.
 - Such short-term deposits shall be held in the name of the Scheme.
 - The scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
 - Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - The scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.

- Trustees/Asset Management Companies (AMCs) shall ensure that no funds of a scheme are parked in short term deposit (STD) of a bank which has invested in that scheme. Trustees/AMCs shall also ensure that the bank in which a scheme has STD does not invest in the said scheme until the scheme has STD with such bank. These conditions are not applicable to term deposits placed as margins for trading in cash and derivative market.
- Asset Management Company (AMC) shall not be permitted to charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks (SEBI Circular SEBI/HO/IMD/DF2/CIR/P/2019/101 dated September 20,2019).

- m. The scheme shall not make any investment in
- i. any unlisted security of an associate or group company of the sponsor; or
 - ii. any security issued by way of private placement by an associate or group company of the sponsor; or
 - iii. the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.
- n. The scheme shall not make any investment in any Fund of Funds scheme.
- o. The Scheme will not invest in securitized debt.

Provided that the mutual fund shall not borrow more than 20% of the net asset of the scheme and the duration of such a borrowing shall not exceed a period of six months.

- q. Save as otherwise expressly provided under SEBI (MF) Regulations, the Mutual Fund shall not advance term loans for any purpose.
- r. The aggregate value of “illiquid securities” of scheme, which are defined by SEBI as non-traded, thinly traded and unlisted equity shares, shall not exceed 15% of the total assets of the scheme and any illiquid securities held above 15% of the total assets shall be assigned zero value.

The proposed aggregate holding of assets considered “illiquid”, including debt securities (for which there is no active established market could be more than 10% of the value of the net assets of the scheme.

- s. The scheme shall not make any investment in any unlisted security of an associate or Group Company of the sponsors; or any security issued by way of private placement by an associate or group company of the sponsors; or the listed securities of group companies of the sponsors which is in excess of 25% of the net assets.
- t. Investments of the scheme are held in the name of the scheme. UTI MF shall, get the securities purchased by the scheme transferred in the name of the scheme, whenever investments are intended to be of long-term nature.
- u. With reference to SEBI circular SEBI/HO/IMD/DF3/CIR/P/2019/011 dated January 10, 2019 on Portfolio Concentration Norms for Equity Exchange Traded Funds (ETFs) and Index Funds;
- (i) The Index shall have a minimum of 10 stocks as its constituents. For a sectoral /thematic index, no single stock shall have more than 35% weight in the index.
 - (ii) For other than sectoral / thematic indices, no single stock shall have more than 25% weight in the index.
 - (iii) The weightage of the top three constituents of the index, cumulative shall not be more than 65% of the index.
 - (iv) The individual constituents of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

The ETF/ Index Fund issuer shall evaluate and ensure compliance to the aforesaid norms for all its ETFs/ Index Funds at the end of every calendar quarter.

The ETF/Index Fund issuer shall ensure that the updated constituents of the Indices (for all its ETFs/ Index Funds) are available on the website of such ETF/Index Fund issuers at all points of time.

- v. The scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by UTI Mutual Fund for hedging.

However, the scheme may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

For the purpose of the provisions of paragraph (n) above, listed debt instruments shall include listed and to be listed debt instruments.

- w. The scheme shall invest only in CPs which are listed or to be listed.
- x. Further, investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following:
- i. Investments should only be made in such instruments, including bills rediscounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
 - ii. Exposure of mutual fund schemes in such instruments, shall not exceed 5% of the net assets of the schemes.
 - iii. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.
 - iv. The existing investments of mutual fund schemes in such instruments in excess of the aforesaid limit of 5% may be grandfathered till maturity date (as stands as on the date of this circular) of such instruments.
- y. **Restrictions on Investment in debt instruments having Structured Obligations / Credit Enhancements: SEBI/HO/IMD/DF2/CIR/P/2019/104 dated October 01, 2019 (for all fresh investments w.e.f. 1st January 2020)**
- The investment of mutual fund schemes in the following instruments shall not exceed 10% of the debt portfolio of the schemes and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes:
 1. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.
 2. For the purpose of this provision, 'Group' shall have the same meaning as defined in paragraph B(3)(b) of SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2016/35 dated February 15, 2016.
 - Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares. AMCs may ensure that the investment in debt instruments having credit enhancements are sufficiently covered to address the market volatility and reduce the inefficiencies of invoking of the pledge or cover, whenever required, without impacting the interest of the investors. In case of fall in the value of the cover below the specified limit, AMCs should initiate necessary steps to ensure protection of the interest of the investors.
 - Details of investments in debt instruments having structured obligations or credit enhancement features should be disclosed distinctively in the monthly portfolio statement of mutual fund schemes.

Investors shall abide with terms and conditions, as may be specified by UTI AMC from time to time. <p>Only Commercial transactions i.e. Purchase, Redemption and Switches shall be accepted through designated fax and email</p> <p>For further details on terms and conditions and other particulars, please refer to SAI.</p>
<p>Mode of Payment – Cash / Transfer of funds through NEFT/RTGS</p>	<p>Cash Investment in Mutual Funds Cash payment to the extent of Rs. 50,000/- per investor, per Mutual Fund, per financial year through designated branches of Axis Bank will be accepted (even from such small investors who may not be tax payers and may not have Permanent Account Number (PAN)/bank accounts.</p> <p>For further details regarding the prescribed procedure, refer to SAI.</p> <p>Transfer of funds through National Electronic Funds Transfer (NEFT) / Real Time Gross Settlement (RTGS) Investor shall ensure that the payment is made from one of his/her registered bank accounts in the folio. If the name of the remitter/account number from where the amount is remitted is not matching with the registered / to be registered bank accounts details, such remittances shall be treated as third party payments and such applications are liable to be rejected. In such cases, UTI MF will refund the amount to the remitter within 30 calendar days from the date of receipt of the funds, as per the details made available to UTI MF by the remitting Bank.</p> <p>However, for transfer of funds through RTGS, the Investment amount shall be of `2 lacs and above.</p>
<p>Allotment</p>	<p>Allotment will be made to all applicants in the New Fund Offer provided the applications are complete in all respects and are in order. Application for issue of Units will not be binding on the fund and may be rejected on account of failure to fulfill the requirements as specified in the application form.</p> <p>Upon allotment, an Allotment Advice will be sent by ordinary post to each unit-holder, stating the number of units allotted, not later than 5 business days from the close of NFO and the units will be credited to the DP account of the applicant as per the details provided in the application form. Any excess amount, if any, would be refunded to the investor.</p>

	<p>All Units would be allotted in whole numbers and no fractional Units will be allotted</p> <p>After investment, the Scheme will determine the allotment price as follows:</p> <p>Allotment Price = Amount Collected in the NFO – Refunds on account of application rejections, if any ----- Net Assets in the Scheme on the date of allotment/one hundredth of the benchmark index on the date of allotment.</p> <p>The allotment price will then be applied to the NFO proceeds collected from each Investor to arrive at the number of Units to be allotted. The Scheme will allot whole Units and balance amount on account of fractional Units not allotted will be refunded.</p> <p>Following is an example of Units allotted during the NFO Period (based on the assumption that the allotment price, as calculated by the AMC is Rs 318.0311): Amount of Investment= Rs 5000 Allotment Price=Rs 318.0311 Number of Units allotted= 5,000 / 318.0311=15 Units* Value of Units allotted =Rs 318.0311*15=Rs 4770.47 Amount refunded= Rs. 5000 - Rs. 4770.47 = Rs 229.53</p> <p>* Units would be allotted in whole numbers and no fractional Units will be allotted. Excess amount, if any, would be refunded to the Investor.</p>
<p>Refund</p>	<p>If application is rejected, full amount will be refunded within 5 business days of closure of NFO. If refunded later than 5 business days, interest @ 15% p.a. for delay period will be paid and charged to the AMC.</p>
<p>Risk Mitigation process against Third Party Cheques</p>	<p>Restriction on Third Party Payments Third party payments are not accepted in any of the schemes of UTI Mutual Fund subject to certain exceptions.</p> <p>“Third Party Payments” means the payment made through instruments issued from an account other than that of the beneficiary investor mentioned in the application form. However, in case of payments from a joint bank account, the first named applicant/investor has to be one of the joint holders of the bank account from which payment is made.</p> <p>Bank Mandate registration as part of the new folio creation In order to reduce the risk of frauds and operational risks and thereby protect the interests of the Unit holders/Investors from fraudulent encashment of redemption/dividend proceeds, Investors are required to submit any of the prescribed documents (along with original document for verification) in support of the bank mandate mentioned in the application form for subscription under a new folio, in case these details are not the same as the bank account from which the investment is made.</p> <p>In case, the application for subscription does not comply with the above requirements, UTI AMC, at its sole and absolute discretion, may reject/not process such application and may refund the subscription amount to the bank account from where the investment was made and shall not be liable for any such rejection/refund.</p> <p>For further details on documents to be submitted under the process to identify third party payments etc, please refer to SAI.</p>

<p>Procedure for subscribing / redeeming units directly with the fund</p>	<p>Units of the Scheme in less than Creation Unit cannot be Purchased directly with the Fund</p> <p>The Large Investor / Authorized Participant can subscribe/ redeem units of the Scheme directly with the Mutual Fund only in creation unit size as per the procedure given below.</p> <p>The number of units of the Scheme that investors can create in exchange of the Portfolio Deposit and Cash Component has to be in multiples of Creation Unit.</p> <p>AMC / Trustees reserves the right to change the size of Creation of units in order to equate it with marketable lot of the underlying instrument.</p> <p>The Portfolio Deposit and Cash Component are defined as follows: -</p> <p>Portfolio Deposit: This is a pre-defined basket of securities that represent the Underlying Index and will be defined and announced by the</p>																																			

	<p>Fund and can change from time to time.</p> <p>Cash Component for Creating in Creation Unit Size: The Cash Component represents the difference between the applicable net asset value of a Creation Unit and the market value of the Portfolio deposit. This difference will represent accrued dividends, accrued annual charges including management fees and residual cash in the Scheme. In addition, the Cash Component may include value of shares of underlying index which cannot be bought or sold due to rounding off or any other technical reason. In addition the Cash Component for creation will also include statutory levies, if any. The Cash Component for creation will vary from time to time and will be decided and announced by the AMC from time to time.</p> <p>Procedure for creation in Creation Unit size: The requisite securities constituting the Portfolio Deposit have to be transferred to the Fund's DP account while the Cash Component has to be paid to the Custodian/AMC. On confirmation of the same by the Custodian/AMC, the AMC will transfer the respective number of units of the Scheme into the investor's DP account.</p> <p>The Fund may, at its discretion allow cash purchases of units of the Scheme in Creation Unit size by Large Investors/Authorised Participants. Purchase request for Creation Unit shall be made by such investor to the Fund/AMC where upon the Fund/AMC will arrange to buy/sell the underlying portfolio securities. The portfolio deposit and cash component will be exchanged for the units of the Scheme in Creation Unit size.</p> <p>The AMC has the right to collect any cost incurred by the AMC in terms of the transaction charges, other incidental charges, the difference between the acquisition cost and closing prices of securities comprising of the Portfolio Deposit of each business day etc. Such costs may be adjusted by allotting proportionately lesser number of units to the investor.</p> <p>The AMC may levy fee/load/charges, which may vary from time to time, for providing/arranging this facility.</p> <p>For redeeming units of the Scheme in creation unit size: The Units of the Schemes in less than Creation Unit cannot be redeemed with the Fund.</p> <p>The Authorised Participant / Large Investor would transfer the requisite number of units of the Scheme equaling the creation unit to the Fund's designated DP account. On confirmation of the same, the AMC will pay the redemption proceeds in cash into the designated account of Authorised Participant/Large Investor net of expenses.</p> <p>The Fund may, at its discretion, allow cash redemption of the units of the Scheme in Creation Unit Size by Large Investor/Authorised Participant. Redemption request shall be made by such investor to the Fund whereupon the Fund shall arrange to sell the underlying portfolio of securities on behalf of the investor.</p> <p>The AMC has the right to collect any cost incurred by the AMC in terms of the transaction charges, other incidental charges, the difference between the sales proceeds and closing prices of securities comprising of the Portfolio Deposit of each business day etc. Such costs may be adjusted by redeeming proportionately additional number of units to the investor.</p> <p>The redemption proceeds will consist of Portfolio Deposit. The redemption proceeds will be delivered / paid within 10 business days</p>

<p>Statement of Account (SoA)</p>	<p>As the Units of the Scheme are in demat, the holding statement issued by the Depository Participant would be deemed to be adequate compliance with requirements of SEBI regarding dispatch of statements of account</p>
<p>Details under Foreign Account Tax Compliance provisions (commonly known as FATCA) / Foreign Tax Laws and Common Reporting Standard (CRS)</p>	<p>FATCA is United States (US) Federal Law, aimed at prevention of tax evasion by US citizens and residents (“US persons” as defined in the applicable extant laws of the United States of America) through use of offshore accounts. FATCA provisions are part of Hiring Incentives to Restore Employment (HIRE) Act, enacted by US Legislature. Under FATCA, withholding tax may be levied on certain US source income/receipt of the Schemes of the Mutual Fund, unless they are FATCA compliant.</p> <p>FATCA obligates foreign financial institutions (FFIs), including Indian financial institutions to provide the US Internal Revenue Service (IRS) with information and to report on the accounts held by specified US Persons as well as passive NFFEs in which controlling interest is held by specified US person. The term FFI is defined widely to cover a large number of non-US based financial service providers, such as mutual funds, depository participants, brokers, custodians, as well as banks. FATCA requires enhanced due diligence processes by the FFI so as to identify US reportable accounts.</p>

	<p>The identification of US person will be based on one or more of following “US indicia”-</p> <ul style="list-style-type: none"> • Identification of the Account Holder as a US citizen or resident; • Unambiguous indication of a US place of birth; • Current US mailing or residence address (including a US post office box); • Current US telephone number; • Standing instructions to transfer funds to an account maintained in USA; • Current effective power of attorney or signing authority granted to a person with a US address; or • An “in-care of” or “hold mail” address that is the sole address that the Indian Financial Institution has on the file for the Account Holder. <p>FATCA due diligence will be applicable to each Unit holder (including joint holders) irrespective of the country of residence/citizenship, and on being identified as reportable person/specified US person, all folios/accounts will be reported. Such information may include (not limited to) their identity, direct or indirect beneficiaries, beneficial owners and controlling persons. Unit holders will therefore be required to comply with the request of the AMC / Fund to furnish such information as and when deemed necessary by the AMC / Fund in accordance with the Applicable Laws.</p> <p>FATCA provisions are relevant not only at on-boarding stage of Unit holders but also throughout the life cycle of investment with the Mutual Fund. Unit holders therefore should immediately intimate to the Fund/the AMC, any change in their status with respect to FATCA related declaration provided by them previously.</p> <p>In case Unit holder / investor fails to furnish the relevant information and/or documentation in accordance with the Applicable Laws, the AMC / Fund reserves the right to reject the application or redeem the units held directly or beneficially and may also require reporting of such accounts/levy of withholding tax on payments made to investors. Prospective investors / Unit holders should consult their own advisors to understand the implications of FATCA provisions/requirements. The AMC reserves the right to change/modify the provisions mentioned at a later date.</p> <p>Common Reporting Standard (CRS) – The New Global Standard for Automatic Exchange of Information</p> <p>On similar lines as FATCA, the Organisation of Economic Development (OECD), along with the G20 countries, of which India is a member, has released a “Standard for Automatic Exchange of Financial Account Information in Tax Matters”, in order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, requiring cooperation amongst tax authorities. The G20 and OECD countries have together developed a Common Reporting Standard (CRS) on Automatic Exchange of Information (AEOI).</p> <p>All Applicants whose country of tax residence is not India shall fill in the prescribed FATCA & CRS Form.</p> <p>AMC reserves right to reject the application in case the applicant / investor fails to submit information /documentation for any of the above.</p> <p>Please refer to Instructions given in the FATCA/CRS Form before filling in the particulars and for further details relating to FATCA/CRS, refer to SEBI Circular Nos. by UTI AMC.

- d. The costs related to segregated portfolio shall in no case be charged to the main portfolio.

8. Monitoring by Trustees

In order to ensure timely recovery of investments of the segregated portfolio, trustees would continuously monitor the progress and take suitable action as may be required.

In order to avoid mis-use of segregated portfolio, trustees will ensure to have a mechanism in place to negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs), etc. involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of the AMC, including claw back of such amount to the segregated portfolio of the scheme.

D. COMPUTATION OF NAV

- The Net Asset Value (NAV) of the units issued under the scheme shall be calculated by determining the value of the assets of the scheme and subtracting there from the liabilities of the scheme taking into consideration the accruals and provisions.
- The NAV per unit shall be calculated by dividing the NAV of the scheme by the total number of units issued and outstanding on the valuation day. The NAV will be rounded off to 4 decimals and Units will be allotted only in whole number or such other formula as may be prescribed by SEBI from time to time.

NAV of the Units under the Scheme shall be calculated as shown below:-

$$\text{NAV} = \frac{\text{Market or Fair Value of Scheme's investments} + \text{Current Assets} - \text{Current Liabilities and Provision}}{\text{No of Units outstanding under Scheme on the Valuation Date}}$$

- A valuation day is a day other than (i) Saturday and Sunday (ii) a day on which both the stock exchanges (BSE and NSE) and the banks in Mumbai are closed (iii) A day on which the purchase and redemption of units is suspended. If any business day in UTI AMC, Mumbai is not a valuation day as defined above then the NAV will be calculated on the next valuation day and the same will be applicable for the previous business day's transactions including all intervening holidays.
- The Mutual Fund shall declare the Net asset value for the scheme by 11 p.m. on every business day on the website of UTI Mutual Fund, www.utimf.com and on AMFI's web-site www.amfiindia.com. The Mutual Fund shall prominently disclose the NAVs of the scheme under a separate head on the website and on the website of Association of Mutual Funds in India (AMFI). Further, the Mutual Fund will extend facility of sending latest available NAVs to unit holders through SMS, upon receiving a specific request in this regard

IV. FEES AND EXPENSES

This section outlines the expenses that will be charged to the scheme.

A. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc.

The entire New Fund Offer expenses for the launch the Scheme will be borne by the AMC.

B. ANNUAL SCHEME RECURRING EXPENSES

- (1) These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 1.00 % of the daily net assets of the scheme will be charged to the scheme as expenses. The current expense ratios would be updated on the website of UTI Mutual Fund at least three working days prior to the effective date of the change. Investors can refer <https://www.utimf.com/forms-and-downloads/> and website of AMFI namely www.amfiindia.com for Total Expense Ratio (TER) details.

Other Expenses (including listing expenses)	
Maximum total expense ratio (TER) permissible under Regulations 52 (6) (c)	Up to 1.00%
Additional expenses for gross new inflows from specified cities under Regulation 52(6A) (b)	Up to 0.30%

These estimates have been made in good faith as per the information available to the Investment Manager based on past experience and are subject to change inter-se. Types of expenses charged shall be as per the SEBI (MFs) Regulations.

- (2) The expenses are accrued daily and are reflected in the daily NAV of the scheme. The scheme estimated ordinary operating expenses are accrued daily commencing after the first day of the trading of the units on the NSE and are reflected in the NAV of the scheme.

(3) Total Expense ratio (TER) and Additional Total Expenses:

(i) Charging of additional expenses

- Additional TER shall be charged up to 30 bps on daily net assets of the scheme if the new inflows from Retail Investors beyond top 30 cities (as per SEBI Regulations/Circulars/AMFI data) are at least (a) 30% of gross new inflows from Retail Investors in the scheme or (b) 15% of the Average Assets under Management (year to date) of the scheme, whichever is higher. The additional TER on account of inflows from Retail Investors beyond top 30 cities so charged shall be clawed back in case the same is redeemed within a period of 1 year from the date of investment. The same can be used only for distribution expenses incurred for bringing inflows from such cities.
- The additional TER in terms of Regulation 52(6A)(b) of SEBI (Mutual Funds) Regulations, 1996 shall be charged based on inflows from Retail Investors from beyond top 30 cities (B-30 cities). Accordingly, the inflows of amount upto Rs 2,00,000/- per transaction, by individual investors shall be considered as inflows from "Retail Investors".
- In case inflows from Retail Investors beyond top 30 cities is less than the higher of (a) or (b) above, additional TER on daily net assets of the scheme shall be charged as follows:

[(Daily net assets) X (30 basis points) X (New inflows from Retail Investors from beyond top 30 cities)]

365* X Higher of (a) or (b) above

* 366, wherever applicable.

4. The 'AMC fees' charged to the scheme with no sub-limits will be within the TER as prescribed by SEBI Regulations

(ii) Goods and Services Tax (GST)

1. UTI AMC shall charge GST on investment and advisory fees to the Scheme in addition to the maximum limit of TER.
2. GST on other than investment and advisory fees, if any, shall be borne by the Scheme within the maximum limit of TER.
3. GST on brokerage and transaction cost paid for asset purchases, if any, shall be within the limit prescribed under SEBI Regulations.

(iii) Investor Education and Awareness

As per Para F of the SEBI Circular No. CIR/IMD/DF/21/2012 dated September 13, 2012, UTI Mutual Fund shall annually set apart atleast 2 bps on daily net assets within the maximum limit of TER for investor education and awareness initiatives

(iv) Illustration of impact of expense ratio on scheme's returns

Simple illustration to describe the impact of the expense ratio on returns of the scheme.

A	Amount invested (Rs.)	10,000
B	Gross returns – assumed	14%
C	Closing NAV before expenses (Rs.)	11400
D	Expenses @1.50% (Rs.)	150
E	Total NAV after charging expenses (C-D)	11250
F	Net returns to investor	12.50%

- As per SEBI Regulation expenses are charged to the scheme on daily basis on daily net assets and as per percentage limits specified by SEBI.
- The illustration is to simply describe the impact of expenses charged to the Scheme on schemes returns and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- The above calculations are based on assumed NAVs and expenses. Actual returns on investment would be different.

(v) Change in expense ratio

The current expense ratios will be updated on the AMC website <https://www.utimf.com/> at least 3 working days prior to the effective date of the change.

Further, the notice of change in base TER (i.e. TER excluding additional expenses provided in Regulation 52(6A) (b) and 52(6A)(c) of SEBI (Mutual Funds) Regulations, 1996) in comparison to previous base TER charged to the scheme will be communicated to investors of the scheme through notice via email or SMS at least three working days prior to effecting such change.

However, any decrease in TER due to decrease in applicable limits as prescribed in Regulation 52 (6) (i.e. due to increase in daily net assets of the scheme) would not require issuance of any prior notice to the investors. Further, such decrease in TER will be immediately communicated to investors of the scheme through email or SMS and uploaded on the AMC website.

The above change in the base TER in comparison to previous base TER charged to the scheme shall be intimated to the Board of Directors of AMC along with the rationale recorded in writing.

The changes in TER shall also be placed before the Trustees on quarterly basis along with rationale for such changes.

C. LOAD STRUCTURE

1. Load is an amount which is paid by the investor to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC www.utimf.com or call at 1800 22 1230 (toll free number) or (022) 2654 6200 (non toll free number) or your distributor.

Post NFO, only the Authorised Participants/Large Investors can create or redeem units directly with the Fund in creation unit size.

The following load structure would apply:-

Type of Load	As % of NAV
Entry Load	Not Applicable
Exit Load	Not Applicable

2 Transaction charges to Distributors: (Applicable only for subscriptions during NFO period)

Pursuant to SEBI circular no. CIR/IMD/DF/13/2011 dated August 22, 2011, a transaction charge of Rs. 100/- for existing investors and `150/- in the case of first-time investor in Mutual Funds, per subscription of `10,000/- and above, respectively, is to be paid to the distributors of UTI Mutual Fund products. However, there shall be no transaction charges on direct investment/s not made through the distributor/financial advisor etc.

There shall be no transaction charge on subscription below Rs. 10,000/-.

The transaction charge, if any, shall be deducted by UTI AMC from the subscription amount and paid to the distributor and the balance shall be invested. Allocation of Units under the scheme will be Net of Transaction Charges. The Statement of Account (SoA) would also reflect the same.

If the investor has not ticked in the Application form whether he/she is an existing/new investor, then by default, the investor will be treated as an existing investor and transaction charges of Rs. 100/- will be deducted for investments of Rs. 10,000/- and above and paid to distributor/financial advisor etc., whose information is provided by the investor in the Application form. However, where the investor has mentioned 'Direct Plan' against the scheme name, the Distributor code will be ignored and the Application will be processed under 'Direct Plan' in which case no transaction charges will be paid to the distributor.

Opt in/Opt out by Distributors:

Distributors shall be able to choose to opt out of charging the transaction charge. However the 'opt out' shall be at distributor level and not at investor level i.e., a distributor shall not charge one investor and choose not to charge another investor.

Distributors shall also have the option to either opt in or opt out of levying transaction charge based on category of the product. The various category of product are as given below:

Sr. No.	Category of product
1	Liquid / Money Market Schemes
2	Gilt Schemes
3	Debt Schemes
4	Infrastructure Debt Fund Schemes
5	Equity Linked Saving Schemes (ELSS)
6	Other Equity Schemes
7	Balanced Schemes
8	Gold Exchange Traded Funds
9	Other Exchange Traded Funds
10	Fund of Funds investing Overseas
11	Fund of Funds – Domestic

Where a distributor does not exercise the option, the default Option will be Opt-out for all above categories of product. The option exercised for a particular product category will be valid across all Mutual Funds.

The ARN holders, if they so desire, can change their option during the special two half yearly windows available viz. March 1st to March 25th and September 1st to September 25th and the new option status change will be applicable from the immediately succeeding month.

Any commission, on investment made by the investor, shall be paid directly by the investor to the AMFI registered Distributors based on the investors' assessment of various factors including the service rendered by the distributor.
