Valuations

Earnings growth recovery essential for valuations to sustain

Potential themes

Financial Services

Peaking of Stressed Assets will lead to gradual reduction in Credit Cost

Pharmaceutical

Secular growth in domestic market

Logistics

Opportunity in Logistic Space post DFC/ GST

Consumer Goods

Rising income level, improving lifestyle and a move from unorganised to organised post GST to improve opportunity

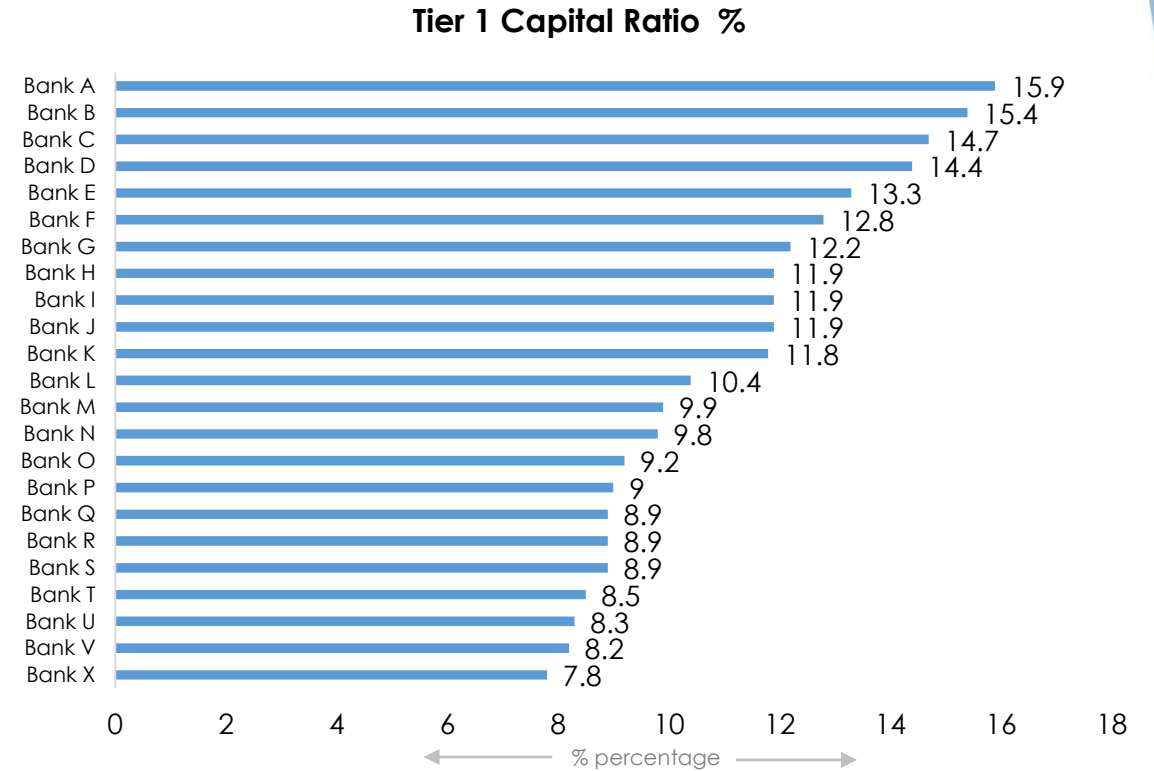

Overall strategy will be a diversified approach and will be investing across sectors and market capitalization

Financials: Peaking of Stressed Assets will lead to gradual reduction in Credit Cost

Stressed Asset level in the Banking System

Tier-1 Capitalization of Indian Banks

Recognition of stressed assets is peaking, well capitalized banks likely to see improved growth

Pharmaceuticals: Secular growth in domestic market

Pharmaceutical (Formulations)

Key Growth Drivers

- Demographics
- Rising income level
- Greater health awareness
- Increased precedence of lifestyle diseases
- Improved access to insurance and under-penetration of medical infrastructure

INDIAN PHARMACEUTICALS MARKET (IPM)

Domestic Healthcare is favorably placed for Potential Growth

Health care Expenditure

Healthcare expenditure is one of the lowest as % of GDP amongst the large economies

Underpenetrated doctor reach

Ratio of Doctors is low and access to allopathy itself is limited, but growing

Increasing penetration of Health Insurance

Increasing penetration is likely to be driven by government-sponsored initiatives

Logistics: DFC & GST leading to potential opportunities

Implementation of GST

- Higher aggregation of cargo to lead to scale benefits for transporters
- Consolidation of warehouses
- Fewer Tax incidence will drive focus towards turnaround time rather than freight cost arbitrage
- Possible shift from unorganized sector to organized sector
- Positive for domestic transportation focused players

Dedicated Freight Corridor

- Biggest rail freight capacity addition exercise ever done in history of India
- Road to Rail shift likely on WDFC route (Delhi – Mumbai)
- Higher movement of double-stack containers leading to efficiency gains
- Huge impetus for container rail operators

Indian Logistics sector at an inflection point

Lifestyle: increasing income levels, improving lifestyle & GST implementation

Rising income levels and improving lifestyle created potential for nascent categories in consumption products

Implementation of GST will trigger a move towards a formal economy resulting in an increased share for the organized sector
